Superkarts Australia

26 June 2008

The Official website of Superkarts Australia Pty Ltd, an aussie company formed by superkarters for superkarters! SKA runs the superkart category Australian Championship and Nationals, and seeks involvement in high profile national events for superkarters.

Likened to a miniature Formula1, the Superkart is not a hybrid of racing car and go-kart, it is a vehicle in its own right. With average power to weight ratio of 2.9, Superkarts hold outright lap records at many tracks world-wide. Superkarting is a high performance, affordable motor sport. Sensation to cost is second to no other form of motor racing.
