New Webmail App Online

By [Sunburnt Internet Marketing](#), 22 May 2015

Hey there,

This is just a quick email to let you all know that we've upgraded our webmail application and set up an address to make it easy for you to find. You can access the new webmail at

<http://webmail.getsunburnt.com>

Webmail is especially handy for frequent travelers because sometimes you find yourself on a wifi connection that will let you browse the web but won't let you send email. You can also use it from an Internet Cafe if you can't get a wifi or data connection.

Try it out, and if you have any problems just let us know.
