Training Videos Available

By Roger Keays, 29 January 2008

Sunburnt Web Solutions is happy to announce the availability of **8 new video tutorials**. We've covered the to most of our customers seem to have difficulty with. They are:

- How to setup your email account in Microsoft Outlook

- Logging in and editing your website

- Creating and managing a photo album

- Inserting images into your web pages

- Inserting links and tables

- How to cut and paste from Microsoft Word

- Arranging the content on your website

- Sending an email to your mailing list

If you have any suggestions for other video tutorials, or have any difficulty viewing the ones above, please d hesitate to contact us.
