## Wishing you a Happy Holidays

By [Roger Keays](#), 21 December 2007

Andrew and I (your local web developers) would like to wish you all a happy holiday, happy Hannukah, merry Christmas, and a safe new year.

Our office will be closed from the 24th of December to until Wednesday the 2nd of January for a chance to catch up on a bit of rest and relaxation (if you can call Christmas that!).

See you in 2008!
